

NC Schraubstöcke Typ MC2

NC precision power vices type MC2

Präzisions-Hochdruckspanner mit mechanischer Kraftverstärkung

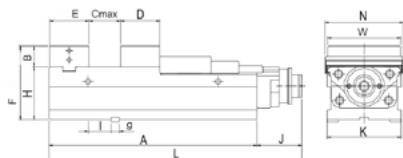

High-power vice with mechanical force intensifier

Vorwahlstufe / Pre-selection	Spannkraft / Clamping force Typ / Type 125	Spannkraft / Clamping force Typ / Type 160	Spannkraft / Clamping force Typ / Type 200
0	500 daN	500 daN	500 daN
1	1100 daN	1300 daN	1500 daN
2	2500 daN	2700 daN	3200 daN
3	3700 daN	4000 daN	5100 daN
4	5000 daN	5400 daN	6800 daN

Typ MC2 type MC2

- Körper aus Guss FCD 65, Backen aus Stahl
 - unten und seitlich geschliffen
 - Anti-Lift-Mechanismus
 - eingebauter Niederzug
 - mechanische Kraftverstärkung, dichtunglos
 - kurze Bauart
 - Spannkraft voreinstellbar
- body made from cast iron FCD 65, jaws made from steel
 - ground below and sideways
 - "Anti-lifting" mechanism
 - integrated pull down
 - mechanical force increase, no seals required
 - short body
 - pre-selection of clamping force

Inkl. 4 Spannpratzen, Hebeösen, Schlüssel und Nutensteine
Incl. clamping brackets, eye bolts, keys and t-nuts

Typ MC2 lang type MC2 long

- lange Version des Typs MC2
 - extra große Spannweite
- long version of type MC2
 - with large opening range
