Scott gas filter PRO² A1 for Scott Profil² Scott gas filter PRO² A1, Supplied in pairs for use with Scott twin half mask and full face mask respirators, Pro2 cartridge filters provide a broad choice of types to meet a wide range of respiratory hazards. Using the very latest manufacturing technology and highest quality media, each Pro2 filter also has a unique protective cover with rear facing grill inlet, maximising working life by protecting the filter media from splashes, sparks and contaminants. Pro2 particle and combined filters use microfibre "paper" media and do not use any electrostatic filtering methods. Pro2 filters are fully EN approved to the latest standards, marked "R" for reusable, CE marked, and connect via a locking bayonet mechanism. Application: Gases and vapours from organic compounds with a boiling point above 65°C (class 1).

- Colour: grey / blue
