weight 5,00 KG

Live-centres, Eco-line,
Type E-N , regular tip

Application

Precise, budget priced and coloured live-centres for high turning rates. Suitable for CNC and manual turning and grinding machines. Optimal protection against splash and dirt.

Design

- Ground tapers conform to DIN 228 AT3
- Mounted with a angular contact ball bearing and a deep grooved ball bearing.
- Continuous lubrication by high quality grease

Models

- ST (standard) for normal loads
- SU (super) for heavy duty loads and low turning rates.
