Product.Nr. [WAT-D165/6-ZGE](#)

EUR 236,80

add. 19 % VAT [excl. shipping costs](#)

weight 9,00 KG

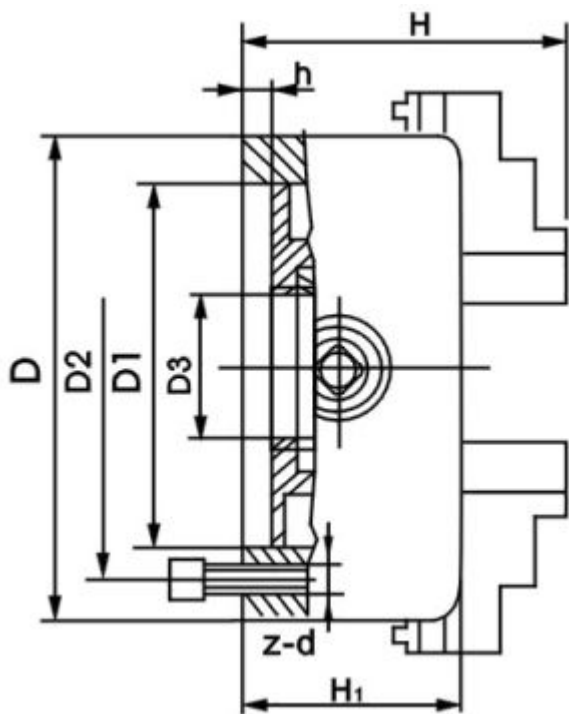

Image may differ in variants / sizes

Centre mount, with one-piece jaws

This lathe chuck is especially suitable for holding thin-sided tubes and soft materials. It guarantees a high concentricity.

Incl. 1 set each of solid jaws internally / externally stepped, key, fixing screws.
